

Hazardous Materials Technician Course

May 14 – 19, 2018

Fairbanks Regional Fire Training Center

Course Description:

The Department of Military and Veterans Affairs (DMVA) Division of Homeland Security and Emergency Management (DHS&EM) is providing a Hazardous Materials Technician Course that will meet or exceed the standards set in National Fire Protection Agency (NFPA) 472 standard (2013 ed.) and OSHA 1910.120.

The goal of this training is to provide Alaskan hazardous material teams with the NFPA 472 technician core competencies. This course is designed to teach the participant how to respond to and mitigate a hazardous materials release.

This 45-hour course will be delivered as classroom lecture, interactive exercises, and practical skills applications. Preference will be given to current members of Alaska Statewide Hazmat Teams. Attendees will be eligible to test and certify through the Alaska Fire Standards Council, at no charge, if they meet the prerequisites and successfully complete the course.

Course Prerequisites:

It is recommended that all participants are current members of a fire department, hazardous materials team, or an agency that responds to or may be exposed to Level A types of emergency responses.

Additionally, the course participants should have successfully completed a hazardous materials operations course within the last year or have had an annual refresher according to **OSHA 29 CFR 1910.120(q)(8)** refresher training requirements.

Medical Requirements:

The course participants will **not** be exposed to an Immediately Dangerous to Life and Health atmosphere. However, candidates must meet medical surveillance requirements outlined in **29 CFR 1920.134** & **29 CFR 1910.120** to wear self-contained breathing apparatus (SCBA) in a Level-A hazmat ensemble while working at a heavy physical rate. Candidates may provide their own SCBA with PASS device for the course or they may utilize a training pack with proof of a fit test for a SCOTT AV 2000 or AV 3000 mask.

Sponsored By:

State of Alaska, Division of Homeland Security and Emergency Management

Course Fee:

None - paid for with funding from the Hazardous Materials Emergency Preparedness (HMEP) grant. Travel funding is available through participant's submission of an Invitational Travel Request Form (ITR) to DHS&EM.

Registration and travel forms are due Monday, April 2nd, 2018
